Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 25 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain clearing then dry overnight. Sunny spells and showers Tuesday.

This Evening and Tonight:
Through the evening cloud and rain in Devon and Cornwall clears to the south and a few showers move into Gloucestershire for a time. Lengthy clear spells develop widely overnight away from the far west. Chilly, with grass frost possible. Minimum temperature 2 deg C (36 deg F).

Wednesday:
A day of sunny spells and patchy cloud for most. A few showers develop during the late morning, though dry through much of the afternoon and into the night. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Dry with sunny spells during Thursday. Dry but cloudy through Friday with only occasional sunny spells. Sunny and dry on Saturday. Becoming warmer and winds generally light.
